## **About Palingeo**

*Palingeo is an Italian company based in Carpenedolo, founded in 1999, specialized in geotechnics, soil consolidation, and geognostics. Born from the experience of industry professionals, it has emerged as an Italian leader, offering services such as soil consolidation, waterproofing, foundation engineering, and land reorganization. The company works on commission for individuals and public entities, acquiring projects through subcontracting or participating directly in tenders, even in temporary association with other operators. Its presence extends throughout the national territory, with four local units distributed in the provinces of Brescia, Mantova, and Messina. Palingeo holds the main quality certifications in the industry and focuses on specialized construction in the foundations sector, providing geological and infrastructural services. The Company is active in the public construction sector, basing its business model on research, award, and implementation of contracts through direct or indirect channels. To improve production efficiency, Palingeo has adopted Industry 4.0 technologies on construction sites, allowing remote connection with the Technical Office through dedicated applications and specific portals. The Company is oriented towards technological development to optimize production processes and ensure a high level of professionalism in the services offered.*
